

# TWO COUNTY BARNES BURNED

**Si In Barns Burned in Adams County within a Week. Two More Burned During Thursday Morning Storm. Both in Towns.**

Two Adams County towns were burned during the electrical storm about two o'clock Thursday morning, saving a list of six county home destroyers of last Friday morning.

The town of Mrs. John Currey, Littlestown was totally destroyed about half past two, when a hole of lightning struck it. The stock was saved but hay, harness and some wagon were burned. The property is located in the rear of Haverhill street, near the square, and only about one hundred feet from the lightning and electric wires.

Charles H. Soper, of Chicago, manager of the Commercial Department of the National Life Insurance Company of New York, has donated \$100 to the new improvement fund of Gettysburg College in honor of his father, Mr. H. C. Soper, D. D., of this city.

Washington House's barn, Abbotstown, was destroyed about two o'clock through heavy lightning.

Earlier in the night flames were seen in the direction of Chambers and Hanover.

In addition to the two Adams County towns destroyed, two towns in Lancaster county, four others fell prey to flames during the storm. Pleasant town, of Adams, and Pleasant town, Pa., were burned, and practically all of the contents in each town were completely destroyed.

John A. Ocker, of Gettysburg, being on his way to the fair at Hershey, was on the road when the storm struck. He was in a horse-drawn carriage and was killed.

# BUSY DAYS AT NEW FACTORY

Finished Product Will Be Turned Next Week. Will Employ More than 6 Hundred.

With thirty five men now at work at the new plant of the Gettysburg Furniture Company, the finished product of the factory, handmade oak china chairs will be turned and assembled next week. Samples of the furniture are on exhibition at the various firms shown in different parts of the country, which started on July 15.

The factory is a mass of much activity. Many of the machines are in operation, the lumber from the dry kiln has passed that part of the plant to be without stain and the portions of the building and the furniture are being made up in rapidly increasing numbers.
